

## 2020 JOINT MLA & WMAC Lender's Conference Has Been Cancelled

MLA Members,

We believe the safety and health of our membership is of the utmost important. Therefore, the MLA and WMAC Board of Directors have made the difficult decision to cancel the combined conference that was planned for later this summer in Denver. There are still too many unknowns related to Covid-19 at this time – social distancing requirements, travel restrictions – that make planning a successful, informative, and fun conference near impossible.

While we will miss seeing all of you in Denver, we still want to be of service to membership. To that end, we will be working the other regional mortgagee advisory councils, HUD headquarters, and the regional HUD offices to provide training and disseminate valuable content in the near term via webinars and other virtual happenings. Watch your inbox for updates and more information.

### **Hotel Cancellations**

The Hyatt Regency will be cancelling the reservations in the room block and automated cancellation confirmations will be issued to each attendee with emails on file. If you booked a room outside of the WMAC room block, you should contact the hotel directly.
